

NRMN Facilitating Entering Mentoring Workshop
April 12-13, 2018
University of Wisconsin-Madison

On behalf of the [National Research Mentoring Network \(NRMN\)](#), it is our pleasure to invite you to apply to participate in a facilitator training workshop to support your efforts in implementing research mentor training that strengthens productive research mentoring relationships with diverse mentees.

Workshop Overview:

In this two-day event, participants will learn about [Entering Mentoring](#), a mentor training curriculum designed for research mentors across career stages. Participants will have the opportunity to focus on a specific curriculum from the *Entering Mentoring* series, including: Mentor Training for Clinical & Translational Researchers, Mentor Training for Biomedical Researchers, or Mentor Training for those in Science, Technology, Engineering, Mathematics, and Medicine.

During Day 1, participants will learn evidence-based approaches to research mentor training. Day 1 is required for all participants who have not experienced mentor training based on *Entering Mentoring* curricula.

During Day 2, participants will gain the knowledge, confidence, and facilitation skills needed to design and implement trainings at their institution or organization.

Participants are...

1. Faculty, instructors, staff, or administrators from academic health centers, colleges, and universities
2. Personally mentoring trainees in biomedical fields or working with mentors whose trainees are in biomedical fields
3. Committed to implementing research mentor training workshops at their institution or organization within the next year

If accepted, participants will:

4. Join NRMN and register for the event to confirm workshop attendance
5. Complete a post-workshop evaluation survey

Application Details:

Enrollment for this workshop is limited to 32 participants. Priority will be given to applications from teams of two or more faculty/staff from an institution or organization who indicate plans to implement research mentor training workshops at their institution or organization.

Registration for the workshop is supported by NRMN. Participants are required to pay for their own travel, food, and lodging.

Early Application: If you submit your application before January 11, 2018, we will notify you of your application status by January 19, 2018. If accepted, we will invite you to officially register for the event and share important details so that you can arrange your travel and lodging.

Regular Application: If you submit your application after January 11, 2018 and before February 8, 2018, we will notify you of your application status by February 15, 2018. If accepted, we will invite you to officially register for the event and share important details so that you can arrange your travel and lodging.
