

# ALZHEIMER'S DISEASE IN INDIAN COUNTRY

Promoting a Healthy Brain

Everyone Welcome

Thursday, December 6, 2018

1-4 P.M.

Radisson Hotel and Conference Center

Room: Great Lakes Complex

2040 Airport Dr.

Green Bay, WI 54313

Learn about the connection between Diabetes & Alzheimer's disease

Dr. Winchester and Dr. Bendlin will provide an educational talk on Alzheimer's disease, Dementia, Diabetes, and how these diseases affect Native Communities.

Dr. Blythe Winchester is an Eastern Band of Cherokee Indians Tribal Member and geriatrician. She is a national expert on dementia care and diagnosis in Indian country.

Dr. Barbara Bendlin is an Associate Professor at UW-Madison. She leads various Alzheimer's disease studies and wants to help more people achieve successful healthy aging.
