UW ICTR TL1 Postdoctoral Trainee Program ABSTRACT Form

Applicant Last Name, Project Title:

Abstract (maximum 500 words): ICTR TL1 is a training grant that supports the trainee, without further support for research. However, the research is a critical part of the training plan. Provide a concise description of your proposed research. The abstract must include descriptions of (1) the rationale supporting the proposed research; (2) the specific hypothesis or hypotheses to be tested and the expected results; (3) the research aims and design; and (4) how the project uniquely advances our understanding of the topic being addressed.
