#### OVERVIEW

The University of Wisconsin-Madison BIRCWH program provides interdisciplinary career development opportunities for a diverse cohort of early career faculty to foster their successful transition to independent funding in women's health and sex/gender differences research. Funded by NIH, the UW BIRCWH program provides career development through competency based curricular activities, mentored research training, and pioneering new approaches to team science and career coaching. BIRCWH scholars will be supported for two years. **The application form and additional information is available on the [UW BIRCWH website](#).**

#### INFORMATION SESSIONS

The Information sessions are designed to provide potential applicants with a detailed overview of the program along with specific application requirements. Virtual information sessions will be held:

- **Friday, 3/12/2021, 8:00-9:00 AM**  
\*Please **REGISTER** at **[UW BIRCWH Session #1](#)**
- **Wednesday, 3/17/2021, 12:00-1:00 PM**  
\*Please **REGISTER** at **[UW BIRCWH Session #2](#)**

The UW BIRCWH program is committed to building a diverse and inclusive learning environment. The program invites a highly-qualified pool of diverse candidates from across a wide spectrum of dimensions (gender, race, ethnicity, sexual orientation, discipline, etc.) who meet the eligibility requirements. ***Please review the eligibility requirements and program expectations on the [UW BIRCWH website](#) prior to submitting an application.***
